

K&K Systems, inc.
Traffic Safety Products Manufacturer

FLASHING BEACON SERIES 118-D12

The 24/7 Flashing Hazardous Warning Beacon features two 12 inch ultra-bright amber colored LED units to draw drivers' attention to warning signs. The beacon is solar powered which allows the freedom to locate or relocate a sign any where it is needed without the hassles or wired systems or monthly power bill.

A Clean and Clutter-Free Control Box. K&K Systems utilizes just 2 components to operate the 24/7 Flashing Beacon Series – a sealed battery and the K&K Systems' compact all-in-one solar controller, the SPLasher™. Our design retrofits easily to any existing sign with worry-free maintenance.

Shown with optional signage and Round Aluminum Crash Tested Pole

FEATURES

- ▶ 12" Beacon
- ▶ Ultra-Bright LED Technology
- ▶ All-in-One Compact Controller
- ▶ Auto Dimming
- ▶ Solar-Powered
- ▶ Beacon Housing Color Options
- ▶ Polycarbonate or Aluminum Housing
